SUMMARY

Computer Science undergraduate with a strong interest in backend development and problem-solving. Experienced in building applications and working with data handling and APIs. Quick learner with a focus on writing clean code and developing practical solutions.

EDUCATION

Dr. A.P.J Abdul Kalam Technical University

Mathura, India

Bachelor of Technology in Computer Science and Engineering

2022 – Present

CGPA – 8.4

WORK EXPERIENCE

ADRDE, DRDO

June 2025 – August 2025

Backend Developer Intern

- Integrated RESTful APIs for data retrieval and processing, ensuring reliability and correctness of backend services.
- Focused on API debugging, testing, and backend issue resolution.
- Assisted in maintaining backend services and handling database queries.

PROJECTS

Chat Application | *Java, Spring Boot, REST API*

[GitHub](#)

- Developed a backend chat application using Java and Spring Boot to enable communication between users.
- Implemented real-time chat using WebSocket and STOMP protocol.
- Managed project dependencies and build lifecycle using Maven and deployed the application using embedded Tomcat server.

Resume Analyzer | *Java, Spring Boot, Spring Security, MySQL*

[GitHub](#)

- Built REST APIs for resume upload and processing using Spring Boot.
- Integrated Google Gemini AI API for resume analysis and score generation.
- Implemented JWT based authentication for API security.
- Stored user data and analysis results in MySQL.

SKILLS

Programming Languages : Python, Java.

Framework : Spring Boot , Java Collections, Spring Security, Maven.

Backend : REST APIs.

Database : MySQL,

Tools : Git, Docker, Postman.

Soft Skills : Effective Communication , Problem Solving, Teamwork, Adaptability.

CERTIFICATES

- **McKinsey & Company** – McKinsey.org Forward Program.
- **Walmart** – Advanced Software Engineering (Java).
- Active Contributor on **LeetCode** & GitHub projects.
